518 SPRINGFIELD AVENUE
NEWARK, NEW JERSEY 07103
Area Code (201) 242-1700
242-1701

April 9, 1970

Dear Friend:

You are urged to attend a very important meeting concerning health service for the West Side Park Community on Thursday, April 16th, at 518 Springfield Ave., (near So. 10th St.) at 8:00 p.m.

Guest speaker will be Dr. John Alexander, leading Newark pediatrician and officer of a professional organization that is planning to set up a comprehensive health services center in the West Side Park area.

As a result of this meeting the Martin Luther King Chapter of Tri-City hope to establish a community Health Committee made up of West Side residents who will help plan the kind of health program we feel is needed.

Tri-City has launched new trails in housing and education. The health of our children and families is also vital.

We know what we need in health services. Let's get to work!!!!

(Mrs.) Daisy Johnson,
Chairman

Mr. King,

P.S. Refreshments will be served.
